Empower youth. Donate your old phone. Global Inheritance is a non-profit organization working to reinvent activism for today's young generation. Our initiatives focus on the power of creativity to communicate and push for progressive social change while rejecting conflict. Boost Mobile® will donate a portion of the proceeds to Global Inheritance. The phones are sorted and tested. Phones in good working condition will be repaired and reused. Refurbished old phones provide an affordable alternative to new technology in developing markets. Accessories, batteries and phones beyond repair will be recycled in an environmentally-friendly manner.
